

BF5

Features

Honda Marine's 27 kg BF5 is lightweight, compact and outfitted with a front-mount carrying handle for easy transport. Its 127cc engine features a water-cooled, single-cylinder design for excellent low- to mid-range power, while a Digital CD Ignition delivers high-energy output for quick and easy starts.

A Twist Grip Throttle allows for precise throttle control, and driver fatigue is minimized by a unique Throttle Tensioner. The BF5 also incorporates full Forward-Neutral-Reverse (F-N-R) Shifting with neutral-in-start protection, as well as a Full Swivel Bracket designed to enhance overall durability by reducing vibration to the tiller handle.

Specifications

Engine

Type	Four-Stroke OHV Single Cylinder
Displacement	127 cc (7.7 cubic in)
Bore & Stroke	60 x 45 mm (2.4 x 1.8 in)
Full Throttle HP Range	4,500 – 5,500 RPM
HP Rating at Propshaft	5HP @ 5,000 RPM
Induction Scavenging	OHV
Valves Per Cylinder	2
Fuel Delivery	Single Venturi
Ignition System	Digital CDI
Starting System	Manual
Lubrication	Wet Sump
Cooling System	Water Cooled
Alternator	Optional 3 amp (38 watt)
Trim Range	5 Stage: 5°, 9°, 13°, 17°, 21°
Tilt Range	70°

Drive

Gear Ratio	2.08:1
Gear Shift	F-N-R
Propeller	3-Blade Polypropylene (7 7/8 x 7 1/2)

Dimensions

Transom Height(s)	(S) 381 mm / 15 in (L) 508 mm / 20 in
Dry Weight	(S) 27 kg / 60 lbs (L) 28 kg / 61 lbs
